# GOD

God is Spirit, the loving source of all that is. God is the one power, all good, everywhere present, all wisdom. God is divine energy, continually creating, expressing and sustaining all creation. In God, we live and move and have our being. In Unity, some other ways we speak of God are Life, Light, Love, Substance, Principle, Law and Universal Mind.

# Who We Are

The Unity movement was founded by Charles and Myrtle Fillmore in 1889 as a healing ministry based on the power of prayer and the power of our thoughts to create our own reality.

## The Fillmore's

- Regarded Jesus as the great example rather than the great exception
  - Interpreted the Bible metaphysically
- Taught that God is present within all of us

The background of the entire page is a photograph of a snowy mountain range. In the foreground, there is a dense forest of evergreen trees covered in snow. The sky is a clear, pale blue. The Unity logo and tagline are positioned in the upper left corner of the image.
